

PRODUCT GUIDE

...Solutions for Healthcare

WELCOME

About Ascot

Ascot is a division of Able Rehab, a family owned business which has been supplying to the hospital and aged care industry since 1981. Ascot is dedicated to providing solutions for the healthcare sector. Our continued growth is leveraged on our values of integrity, trust and establishing long term relationships with our clients, employees and suppliers.

Our Products

Our extensive product range is the result of our experience, focus and determination to deliver solutions. It comes from listening to the needs of customers and the ability to source and develop new products for the challenges and opportunities you face. This gives unequalled choice to even the most discerning of buyers, in what is sometimes an overwhelmingly pressured and busy environment.

Our Service

At Ascot we are passionately committed to provide a superior level of customer satisfaction, and unrivalled service that reflects our distinctive character. Our Product Specialists provide exceptional advice, training and solutions to meet all your equipment requirements. These qualities have cemented Ascot as a reliable source and a trusted supplier to healthcare professionals today.

Our Commitment

Ascot is certified to global quality standards ISO9001:2008, demonstrating, our commitment to quality management and superior service and customer satisfaction. Ascot consistently offers a recognised standard of quality and excellence. We welcome the opportunity to serve you.

Reuseable Scissors	59

Single-Use Packs

FAH433 Minor Operation Pack

- Five piece pack
 - Single use
 - Sterile
 - Stainless steel
- Pack includes:
- Mayo needle holder x 1
 - Adson forceps plain x 1
 - Adson forceps toothed x 1
 - Sharp/Sharp scissor x 1
 - Sharp end forceps x 1

FAH434 Debridement Pack

- Five piece pack
 - Single use
 - Sterile
 - Stainless steel
- Pack includes:
- BP handle no 3 x 1
 - Iris stitch scissor curved x 1
 - Silver probe with eye x 1
 - Mosquito forceps straight x 1
 - Treves toothed forceps x 1

FAH435 Suture Removal Pack

- Two piece pack
 - Single use
 - Sterile
 - Stainless steel
- Pack includes:
- 1 x Adson forceps plain 120 mm x 1
 - 1 x Scissor sharp/sharp x 1

FAH589 Delivery Set

- Three piece pack
 - Single use
 - Sterile
 - Stainless steel
- Pack includes:
- Artery spencer wells forceps 200mm x 2
 - Blunt/Blunt Cord Scissor 200mm x 1

Single-Use Forceps

FAH430 Artery Spencer Wells Forceps

214748 Seca Baby Scale

- Large easy to read LCD figures
- Carry handle that can be used to hang the scales when not in use
- The breast-milk-intake function (BMIF) shows the exact amount of milk the baby has consumed.
- Kg/lbs switch option
- Auto-HOLD function
- Automatic switch-off
- TARE function
- Battery operated

Options Available:

- 214740 Power adaptor with optional
- 214741 Measuring rod

Capacity:	20kg
Graduation:	5g<10KG>10g
Width:	638mm
Depth:	105mm
Height:	300mm
Weight:	2.8kg

214998 Seca Baby and Child Scales Electronic

- With its dual function, this baby scale at the touch of a button, the tray can be detached quickly and easily from the base, leaving you with robust flat scales for children
- Breast-milk-intake function (BMIF) shows the exact amount of milk the baby has consumed
- Kg/lbs switch option
- Auto-HOLD function
- Automatic switch-off
- TARE function
- Battery operated

Capacity:	50kg
Graduation:	20g<20KG>50g
Width:	552mm
Depth:	156mm
Height:	342mm
Weight:	2.5kg

Scales & Measuring

214924 Seca Measuring Rod for Babies

- For precise measuring when baby is lying down
- Can be mounted to table, wall or used as a mobile rod
- Large head and foot positioners for ease of use
- Calipers fold for ease of storage
- Manufactured from Aluminum

Measuring Range:	0-99mm
Graduation Length:	1mm
Width:	1047mm
Depth:	120mm
Height:	286mm
Height when folded:	30mm
Weight:	810g

214708 Seca Measuring Mat for Babies

- Precise measurement of the length of babies and toddlers while lying down
- Fixed head piece and the sliding foot positioner make it simple to use
- Foldable space-saving solution for easy storage
- Can be wall mounted

Measuring Range:	10-99mm
Graduation Length:	5mm
Width:	1250mm
Depth:	140mm
Height:	300mm
Width when folded:	120mm
Weight:	575g

214726 Seca Measure Tape for Head Circ of Babies

- Measures both the head circumference (front side) and the symmetry of the face (reverse side).
- Practical dispenser ensures that they are stored safely.
- Non-stretch Teflon synthetic material
- Pack of 15

Measuring Range:	50-590mm
Graduation Length:	1mm
Width:	25mm
Depth:	1mm
Height:	663mm
Weight:	60g

Scales & Measuring

214700 Seca Infantometer

- Quick and easy to measure babies and toddlers up to two years old
- Raised and softly rounded sides guide the baby easily and safely into the right position
- Foot piece is permanently mounted with rollers on two guide rails
- Foot piece is lockable so the baby can be removed and the result noted later

Measuring Range:	330-1000mm
Graduation Length:	1mm
Width:	1103mm
Depth:	169mm
Height:	402mm
Weight:	3.8g

214652 Seca Mechanical Column Scales

- Easy to use and provides weight quickly and conveniently without the need for batteries or power
- Patient can self assess weight effortlessly and without assistance
- User defined zero setting
- Transport castors

Capacity:	150kg
Graduation:	500g
Column Width:	295mm
Column Depth:	910mm
Column Height:	500mm
Tray Width:	278mm
Tray Depth:	75mm
Tray Height:	273mm
Weight:	6.9kg

Seca Mechanical Column Scales with Eye-level Beam

- Flat large easy access platform
- Eye level beam for easy reading
- The optional measuring rod with a range from 600-2000mm for time-saving measuring and weighing in one step
- Equipped with integrated transport castors for mobile use.
- Reset-to-zero function

Options Available:

- 214741 Measuring rod

Code	Capacity	Graduation	Width	Depth	Height	Weight
214650	160kg	50g	1556mm	520mm	520mm	16.2kg
214651	220kg	100g	1556mm	520mm	520mm	16.2kg

Scales & Measuring

214653 Seca Column Scales Electronic

- Network capable with 360 degrees wireless technology for EMR enables measurements to be transmitted to an optional Seca wireless printer or Seca software on your PC
- Body mass index function reader (BMI)
- Pre-TARE function
- Auto clear, auto hold, auto print and auto reset functions
- Mother/Child function with auto deduct feature
- Transport castors
- Optional measuring rod with a range from 600-2000mm for time-saving measuring and weighing in one step or receive data wirelessly from a separate digital stadiometer
- Battery operated

Capacity:	300kg
Graduation:	50g<150kg>100g
Width:	360mm
Depth:	930mm
Height:	520mm
Weight:	15.2kg

Options Available:

- 214740 Power adaptor
- 214741 Measuring rod

214878 Seca Mechanical Flat Scales

- A stable, powder coated steel casing, a circular display
- Easy to clean tread area of imitation leather
- Reset-to-zero function

Capacity:	150kg
Graduation:	1kg
Width:	317mm
Depth:	117mm
Height:	477mm
Weight:	3.5kg

214858 Seca Electronic Flat Scales

- Two-component non slip rubber surface
- Large easy to read lcd figures
- Kg/lbs switch-over
- Tap-on function
- Automatic switch-off
- Auto-hold
- Battery powered
- Available in black or white

Capacity:	150kg
Graduation:	100kg
Width:	316mm
Depth:	37mm
Height:	326mm
Weight:	1.5kg

Scales & Measuring

214888 Seca Electronic Bariatric Flat Scales

- Tough rubber non slip coating takes the heaviest challenges lightly
- Extra wide platform with easy access
- Kg/lbs option
- Auto-hold
- Automatic switch-off
- Tap-on function
- Battery powered

Capacity:	200kg
Graduation:	100g
Width:	433mm
Depth:	47mm
Height:	373mm
Weight:	2.9kg

214848 Seca Electronic Bariatric Flat Scales

- It stands firmly on four leveling bases that guarantee stability, even when small children are weighed while held by an adult
- The mother/child-function ascertains the tare of the weight with just the touch of a button
- Kg/lbs option
- Automatic switch-off
- Tap-on function
- Battery powered

Capacity:	250kg
Graduation:	100g<150kg>200g
Width:	321mm
Depth:	60mm
Height:	365mm
Weight:	4.2kg

214923 Seca Measuring Tape

- Measures girth with millimeter precision
- High-quality mechanics guarantee easy unwind and locks in place precisely
- Housing sits comfortably and securely in the user's hand and is tough enough to withstand accidental dropping

Measuring Range:	0-2050mm
Graduation Length:	1mm
Width:	70mm
Depth:	22mm
Height:	65mm
Weight:	50g

Scales & Measuring

214943 Seca Stadiometer

- Ideal for mobile use also ideal for doctors practices and hospitals
- Can be dismantled into several pieces and set up easily and quickly
- The spacer keeps the rod straight and stable without any fittings

Measuring Range:	200-2050mm
Graduation Length:	1mm
Width:	337mm
Depth:	2130mm
Height:	590mm
Depth when folded:	177mm
Height when folded:	624mm
Weight:	2.4kg

214944 Seca Folding Stadiometer

- Unmatched stability almost the same as a permanent installation
- Ideal for mobile use also ideal for doctors practices and hospitals
- Innovative designed assembly system constructed of high-quality materials
- Adjustable spacer ensures a secure hold without any fittings
- When disassembled, the stadiometer is easy to carry anywhere

Measuring Range:	200-2050mm
Graduation Length:	1mm
Width:	328mm
Depth:	2145mm
Height:	574mm
Weight:	3.6kg

583003 Seca Chair Scale

- For weighing patient whilst they are seated
- Fold-up armrests and footrests for easy access
- Front fixed direction wheels with locking rear swivel castors
- Ergonomically shaped seat
- Kg/lbs weigh results option
- Auto hold function allows weight value to be displayed after the patient is removed assisting patient care first and retrieving the results later
- Tare function prevents additional weight (e.g. clothing) influencing the weighing result
- Battery powered
- Automatic switch-off to preserve battery life

Capacity:	200kg
Graduation:	100g
Width:	563mm
Depth:	906mm
Height:	946mm
Weight:	22.4kg

Scales & Measuring

582903 Seca Deluxe Chair Scale

- For weighing patient whilst they are seated
- Separate fold-up armrests and slide in footrests for easy access
- Front fixed direction wheels with locking rear swivel castors
- Ergonomically shaped seat
- Kg/lbs weigh results option
- Auto hold function allows weight value to be displayed after the patient is removed assisting patient care first and retrieving the results later.
- Tare function prevents additional weight (e.g. clothing) influencing the weighing result
- An integrated RS232 interface allows the reliable transmission of data to a pc or seca printer.
- Power adapter or rechargeable battery power supply
- Automatic switch-off to preserve battery life

Capacity:	200kg
Graduation:	50g<150kg>100g
Width:	563mm
Depth:	906mm
Height:	970mm
Weight:	24.5kg

583403 Bariatric Chair Scale

- Heavy duty construction
- High capacity
- Hinged footrests for comfort and easier patient transfer
- Hinged armrests for easier patient transfer
- Body Mass Index function
- Fitted with data out port for connection to Printer
- Optional seat belt or harness
- Internal rechargeable battery pack giving 80 hours continuous weighing

Capacity:	300kg
Graduation:	50g<150kg>100g
Width:	530mm
Depth:	460mm
Height:	930mm
Weight:	27kg

583303 Bariatric Chair Scale

- Heavy Duty Construction for heavy use
- High strength stainless steel armrests for patient safety and comfort
- Heavy duty wheels with 2 locking
- Vinyl padded seating for user comfort
- Lockable wheels
- Battery powered with optional mains power
- Electronic data integration enables data to be transferred to PC or printer
- Multi position screen can be viewed from front or rear of the scale

Capacity:	500kg
Graduation:	100g
Width:	695mm
Depth:	410mm
Weight:	102kg

Scales & Measuring

214908 Seca Multifunction Hand Rail Scales

- Equipped with an extremely low-level, easy-access platform
- Stable handrail assists safe and comfortable weighing of heavy or unsteady patients
- Integrated handrail is within the weight sensitive area to ensure accurate results
- A chair can be placed on the scales for patients who prefer to sit
- The pre-TARE function with three memory cells automatically deducts a stored weight (such as a chair) to determine net weight
- 2 rubber mobility wheels assist in moving of the scales
- When the scale is connected to a printer, the time of weighing and the patient's weight are automatically recorded and printed by the time module
- Adjustable dampening function makes it possible to easily determine weight even when interference occurs when weighing e.g. patient movement
- Kg/lbs weigh results option
- Auto hold function allows weight value to be displayed after the patient is removed assisting patient care first and retrieving the results later
- TARE function prevents additional weight (e.g. clothing) influencing the weighing result
- Body mass index function reader (BMI)
- Power adaptor and rechargeable batteries
- Automatic switch-off

Capacity:	300kg
Graduation:	100g
Width:	640mm
Depth:	1150mm
Height:	660mm
Weight:	25.4kg

Options Available:

- 214909 Measuring rod - BMI 60-2300mm

214910 Seca Multifunctional Scales

- Patient can be safely weighed while standing, seated or in a wheelchair
- Equipped with an extremely low-level, easy-access platform
- Stable handrail assists safe and comfortable weighing of heavy or unsteady patients
- Integrated handrail is within the weight sensitive area to ensure accurate results
- Integrated folding seat
- Wheelchair compatible with by a large (760 x 820mm) platform
- Barrier stop provided for the front wheels of the wheelchair
- Roll on ramp included
- Both patient and caregiver can easily read the net and gross weights in the conveniently positioned swiveling display
- The pre-TARE function with three memory cells automatically deducts a stored weight (such as a chair) to determine net weight
- Integrated transport wheels assist in moving of the scales
- When the scale is connected to a printer, the time of weighing and the patient's weight are automatically recorded and printed by the time module.
- Adjustable dampening function makes it possible to easily determine weight even when interference occurs when weighing e.g. patient movement
- kg/lbs weigh results option
- Auto hold function allows weight value to be displayed after the patient is removed assisting patient care first and retrieving the results later
- TARE function prevents additional weight (e.g. clothing) influencing the weighing result
- Body mass index function reader (BMI)
- Mains power
- Automatic switch-off

Capacity:	360kg
Graduation:	100g
Width:	910mm
Depth:	1100mm
Height:	1064mm
Weight:	59.5kg

214633 Seca Wheelchair Scales

- Patient can be safely weighed while in a wheelchair or on a chair
- Stable handrail assists access
- Roll on and roll off function for ease of use
- Can be folded for storage and for space saving
- Locking devise ensures that scale stands safely when folded
- The pre-TARE function with three memory cells automatically deducts a stored weight (such as a chair) to determine net weight
- Integrated transport wheels assist in moving of the scales
- Adjustable dampening function makes it possible to easily determine weight even when interference occurs when weighing e.g. patient movement
- Kg/lbs weigh results option
- Auto hold function allows weight value to be displayed after the patient is removed assisting patient care first and retrieving the results later
- TARE function prevents additional weight (e.g. clothing) influencing the weighing result
- Body mass index function reader (BMI)
- Mains power
- Automatic switch-off

Capacity:	360kg
Graduation:	100g
Width:	920mm
Depth:	1120mm
Height:	1050mm
Weight:	38kg

Scales & Measuring

214643 Seca Wheelchair Scales

- Patient can be safely weighed while in a wheelchair
- Platform side rails keep wheelchair safe and secure
- Both patient and caregiver can easily read the results in the conveniently positioned swiveling display
- Roll on and roll off function for ease of use
- Can be folded for storage and for space saving
- The pre-TARE function with three memory cells automatically deducts a stored weight (such as a chair) to determine net weight
- Integrated transport wheels assist in moving of the scales
- Adjustable dampening function makes it possible to easily determine weight even when interference occurs when weighing e.g. patient movement
- Kg/lbs weigh results option
- Auto hold function allows weight value to be displayed after the patient is removed assisting patient care first and retrieving the results later
- TARE function prevents additional weight (e.g. clothing) influencing the weighing result
- Body mass index function reader (BMI)
- Power adaptor and rechargeable batteries
- Automatic switch-off

Capacity:	360kg
Graduation:	100g
Width:	1102mm
Depth:	912mm
Height:	1150mm
Weight:	33.4kg

214645 Seca Bed/Platform Scales

- Patient can be safely weighed while in a bed, stretchers, wheelchairs or a chair
 - Roll on and roll off function for ease of use
 - Remote display with easy-to-read LCD figures
 - Foldable with integrated transport handles for storage and for space saving
 - The pre-TARE function with three memory cells automatically deducts a stored weight (such as a chair) to determine net weight
 - Integrated transport wheels with steer castor assist in moving of the scales
 - Adjustable dampening function makes it possible to easily determine weight even when interference occurs when weighing e.g. patient movement
 - Kg/lbs weigh results option
 - Auto hold function allows weight value to be displayed after the patient is removed assisting patient care first and retrieving the results later
 - TARE function prevents additional weight (e.g. clothing) influencing the weighing result
 - Body mass index function reader (BMI)
 - Power adaptor
 - Automatic switch-off
- Options Available:
- 214918 Stand for display

Capacity:	360kg
Graduation:	100g
Width:	893mm
Depth:	87mm
Height:	1655mm
Weight:	42.2kg

214639 Seca Platform Scales

- Multifunctional scales for wheelchair and seated patients
 - Roll on ramp supplied
 - Remote display with easy-to-read LCD figures with wall mount provided
 - Foldable with integrated transport handle for storage and for space saving
 - The pre-TARE function with three memory cells automatically deducts a stored weight (such as a chair) to determine net weight
 - Integrated transport wheels assist in moving of the scales
 - Adjustable dampening function makes it possible to easily determine weight even when interference occurs when weighing e.g. patient movement
 - Kg/lbs weigh results option
 - Auto hold function allows weight value to be displayed after the patient is removed assisting patient care first and retrieving the results later
 - TARE function prevents additional weight (e.g. clothing) influencing the weighing result
 - Body mass index function reader (BMI)
 - Power adaptor
 - Automatic switch-off
- Options Available:
- 214918 Stand for display

Capacity:	360kg
Graduation:	100g
Width:	904mm
Depth:	70mm
Height:	1064mm
Weight:	27kg

Scales & Measuring

214683 Seca Organ and Diaper Scale

- Electronic organ and diaper scales with stainless steel cover
- The raised display is protected from soiling by fluids
- Sealed stainless steel surface ensures hygienic and keeps moisture away from the electronic parts
- The fine one-gram graduation ensures highly precise results
- Pre-TARE function a previously saved weight value is deducted from the currently measured value automatically for accurate NET weight
- TARE function prevents additional weight (e.g. container's) influencing the weighing result
- Kg/lbs weigh results option
- Auto hold function allows weight value to be displayed after the article has been removed
- Battery powered
- Automatic switch-off to preserve battery life

Capacity:	5kg
Graduation:	1g <3kg> 2g
Width:	265mm
Depth:	53mm
Height:	265mm
Weight:	1.9kg

Oximeters

475698 Digit Finger Pulse Oximeter

- Combines monitor and sensor into one lightweight, pocket-size, portable solution
- Easy-to-use, one-button keypad
- Provides fast, reliable SpO2, pulse rate and pulse strength measurements
- Monitor patients ranging from paediatric to adult
- Large LED display for use in a wide range of light or dark environments
- Auto power shutdown after 8 seconds conserves batteries when not in use
- Low-battery indicator flashes when remaining battery time drops under 30 minutes
- Rugged design features four springs enclosed in a high impact polycarbonate shell

Width:	43.3mm
Depth:	38.1mm
Height:	57.2mm
Weight:	85g

475657 Spectro 10 Pulse Oximeter

- Large, bright, easy-to-read LED for at-a-glance assessment
- Unique on-board cradle to store and protect finger sensor
- Multiple power options
- Compatible with docking station, attachable printer, and BCI® spot-check sensor
- Pulse amplitude Index (PI)
- Low battery indicator

Width:	83mm
Depth:	42mm
Height:	155mm
Weight:	340g

475658 Spectro 20 Pulse Oximeter

- Large, bright, easy-to-read LED for at-a-glance assessment
- Unique on-board cradle to store and protect finger sensor
- Multiple power options
- Compatible with docking station, attachable printer, and BCI® spot-check sensor Pulse amplitude Index (PI)
- Low battery indicator
- Patented serial autocorrelation technology
- Nellcor® sensor compatibility

Width:	43.3mm
Depth:	38.1mm
Height:	57.2mm
Weight:	85g

Oximeters

475659 Spectro 30 Pulse Oximeter

- Large, bright, easy-to-read LED for at-a-glance assessment
- Audible and visual alarms
- Intuitive 5-key navigation
- User-selectable Clinician, Home, and Sleep operating modes
- Unique on-board cradle to store and protect finger sensor
- Compatible with docking station and attachable printer
- Patented serial autocorrelation technology
- Nellcor® sensor compatibility

Width:	43.3mm
Depth:	38.1mm
Height:	57.2mm
Weight:	85g

Sphygmomanometers – Mercury Type

Riester Nova - Desk

- Rugged metal case with a two-tone finish in light gray / black.
- Chromium-plated metal parts
- Maximum error tolerance of +/- 3mmHg
- 99.99% Pure mercury
- Precision glass column internal diameter 4.2mm +/- 0.2mm
- Latex bulb with chromium plated release valve
- Precision air release valve, wear-free and with fine regulation
- Microfilter for long life
- Cuff with two-tube latex bladder
- Metal faceplate with easy-to-read scale up to 300mmHg
- Mercury lock with special seal against mercury contamination
- Large storage compartment for cuff + latex bulb
- Cleaning device for glass column

Code	Cuff Type
475000	Cotton Bandage Cuff
475001	Cotton Hook Cuff
475002	Calibrated Nylon Velcro Cuff

Riester Diplomat - Desk

- Desk Model in metal case
- Maximum error tolerance of +/- 3mmHg
- Precision glass column
- Internal diameter 4.2mm +/- 0.2mm
- Latex bulb with chromium plated air release valve
- Precision air release valve, wear-free and with fine regulation
- Microfilter for long life
- Nickel plated metal parts
- Cuff with two-tube latex bladder
- Easily legible metal scale up to 300mmHg
- Mercury lock with special seal against mercury contamination
- Unbreakable long-life metal case
- Large compartment for cuff + bulb
- Cleaning device for glass column

Code	Cuff Type	Colour
475003	Cotton Bandage Cuff	Light Grey
475004	Cotton Hook Cuff	Light Grey
475005	Calibrated Nylon Velcro Cuff	Light Grey
475006	Calibrated Nylon Velcro Cuff	Slate Grey
475007	Calibrated Nylon Velcro Cuff	Blue
475008	Calibrated Nylon Velcro Cuff	Saffron
475009	Calibrated Nylon Velcro Cuff	Green

Sphygmomanometers - Mercury Type

Riester Empire - Desk

- Latest Riester measuring technology
- Specially designed stand provides a very high level of stability
- Maximum error tolerance of ± 3 mmHg
- 99.99% pure mercury
- Precision glass column Internal diameter 4.2mm \pm 0.2mm
- Latex bulb with chromium plated release valve
- Precision air release valve, wear-free and with fine regulation
- Microfilter for long life
- Cuff with two-tube latex bladder
- Easily legible tilted scale up to 300mmHg
- Coil tubing extendable up to 3m
- Mercury lock with special seal against mercury contamination
- Resistant plastic housing
- Cleaning device for glass column

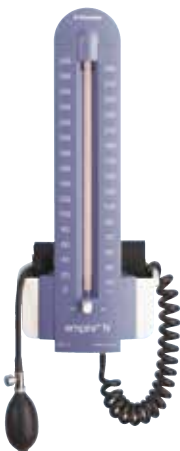

Code	Cuff Type
475010	Cotton Bandage Cuff
475011	Cotton Hook Cuff
475012	Calibrated Nylon Velcro Cuff

Riester Nova - Wall

- Highest quality for general practice and hospital use
- Suitable for the harshest working conditions
- Maximum error tolerance of ± 3 mmHg
- 99.99% pure mercury
- Precision glass column Internal diameter 4.2mm \pm 0.2mm
- Latex bulb with chromium plated release valve
- Precision air release valve, wear-free and with fine regulation
- Microfilter for long life
- Cuff with two-tube latex bladder
- Easily legible scale up to 300mmHg
- Mercury lock with special seal against mercury contamination
- Unbreakable metal wall bracket
- Fixed mount (non-swiveling)
- Light gray finish
- Coil tubing extendable up to 3m
- Including screws and dowels for wall mounting
- Cleaning device for glass column

Code	Cuff Type
475013	Cotton Bandage Cuff
475014	Cotton Hook Cuff
475015	Calibrated Nylon Velcro Cuff

Riester Empire - Wall

- Flexible as it can swivel up to 65° in each direction
- Can be converted to the anaesthesia model
- Maximum error tolerance of ± 3 mmHg
- 99.99% pure mercury
- Precision glass column Internal diameter 4.2mm \pm 0.2mm
- Latex bulb with chromium plated release valve
- Precision air release valve, wear-free and with fine regulation
- Microfilter for long life
- Cuff with two-tube latex bladder
- Easily legible scale up to 300mmHg
- Mercury lock with special seal against mercury contamination
- Coil tubing extendable up to 3m
- Inclusive of screws and dowels for all mounting
- Cleaning device for glass column

Code	Cuff Type
475016	Cotton Bandage Cuff
475017	Cotton Hook Cuff
475018	Calibrated Nylon Velcro Cuff

Sphygmomanometers - Mercury Type

Riester Nova - Floor

- Precision on 5 casters providing maximum stability
- The metal housing provides optimum protection for the high quality technology
- Maximum error tolerance of ± 3 mmHg
- 99.99% pure mercury
- Latex bulb with chromium plated release valve
- Precision air release valve, wear-free and with fine regulation
- Microfilter for long life
- Cuff with two-tube latex bladder
- Easily legible tilted scale up to 300 mmHg
- Precision glass column Internal diameter 5.0 mm ± 0.2 mm
- Mercury lock with special seal against mercury contamination
- Light gray finish
- Coil tubing extendible up to 3 m
- Stand height 1.05 m, extendable to 1.30 m
- Cleaning device for glass column

Code	Cuff Type	Stand Diameter
475019	Cotton Bandage Cuff	380 mm
475020	Cotton Hook Cuff	380 mm
475021	Calibrated Nylon Velcro Cuff	380 mm
475022	Cotton Bandage Cuff	550 mm
475023	Cotton Hook Cuff	550 mm
475024	Calibrated Nylon Velcro Cuff	550 mm

Riester Empire - Floor

- Mobile and Flexible with floor-mounting stability maximum error tolerance of ± 3 mm Hg
- 99.99% pure mercury
- Precision glass column Internal diameter 4.2 mm ± 0.2 mm
- Latex bulb with chromium plated release valve
- Precision air release valve, wear-free and with fine regulation
- Microfilter for long life
- Cuff with two-tube latex bladder
- Easily legible tilted scale up to 300 mmHg
- Mercury lock with special seal against mercury contamination
- Resistant plastic housing
- Coil tubing extendible up to 3 m
- Stand height 1.12 m, extendable to 1.38 m
- Cleaning device for glass column
- 550 mm Diameter base is supplied with two locking castors

Code	Cuff Type	Stand Diameter
475025	Cotton Bandage Cuff	380 mm
475026	Cotton Hook Cuff	380 mm
475027	Calibrated Nylon Velcro Cuff	380 mm
475028	Cotton Bandage Cuff	550 mm
475029	Cotton Hook Cuff	550 mm
475030	Calibrated Nylon Velcro Cuff	550 mm

Riester Shock Proof

- Shock-proof technology
- Air duct for stable pointer movements
- Fast, ergonomic inflation due to optimized bulb design with integrated spoon
- Non-resistant opening of air release valve ensures precise and comfortable operation
- Shock-proof up to a falling height of 1200 mm
- Focus green silver 2008 design award
- Scale: Ø52 mm white with blue pointer or black with red fluorescent pointer
- Valve base and air duct with metal precision valve
- Two-component ABS casing
- Metal threaded tube connection at the top of the casing for fast cuff exchange and ergonomic operation
- Maximum error tolerance of ± 3 mmHg
- Extensive selection of various cuff sizes
- Incl. Vinyl zippered bag
- Weight: 173 gram

Code	Cuff Type	Scale Colour
475031	Bandage Cuff	Black
475032	Hook Cuff	Black
475033	Velcro Cuff	Black
475034	Bandage Cuff	White
475035	Hook Cuff	White
475036	Velcro Cuff	White

Options Available:

- 475120 Desk top storage box and 3 cuff sizes
- 475121 Three cuff sizes

Sphygmomanometers - Mercury Type

Riester Minimus 2

- Compact, single-tube, graduated-scale sphygmomanometer
- Highly polished chromium-plated, rugged metal housing with metal ring, corrosion-protected
- Latex bulb with chromium-plated air release valve
- Metal valve base
- Precision air release valve with fine adjustment and wear-free
- Microfilter protects air release valve and measuring system
- Spoon-shaped grip of stainless steel
- Specially tempered copper-beryllium diaphragm
- Metal connector for simple and fast changes of cuffs
- Diaphragm pressure-loading capacity up to 600mmHg
- Maximum error tolerance +/- 3mmHg
- Linear aluminum scale Ø49mm, easily legible up to 300mmHg
- In vinyl zipper case
- Comprehensive selection of different sizes and versions of cuffs

Code	Cuff Type
475037	Bandage Cuff
475038	Hook Cuff
475039	Velcro Cuff

Riester Minimus 3

- Twin tube model
- Latex bulb with chromium-plated air release valve
- Precision air release valve with fine adjustment and wear-free
- Microfilter protects air release valve and measuring system
- Spoon-shaped grip of stainless steel
- Specially tempered copper-beryllium diaphragm almost non-aging
- Metal connector for simple and fast changes of cuffs
- Diaphragm pressure-loading capacity up to 600mmHg
- Maximum error tolerance +/- 3mmHg
- Linear aluminum scale Ø49mm, easily legible up to 300mmHg
- In vinyl zipper case
- Comprehensive selection of different sizes and versions of cuffs

Code	Cuff Type
475040	Bandage Cuff
475041	Hook Cuff
475042	Velcro Cuff

Sphygmomanometers - Aneroid Type

Riester Precisa N

- Latex bulb for pumping up the cuff
- Metal valve base
- Ergonomic spoon-shaped grip of stainless steel
- Single-tube connection
- Precision air release valve with fine adjustment and wear-free
- Microfilter protects air release valve and measuring system
- Specially tempered copper-beryllium diaphragm, with precision movement
- Diaphragm pressure-loading capacity up to 600mmHg
- Linear, tilted aluminum scale, from 0 to 300mmHg (easily legible)
- Maximum error tolerance +/- 3 mm Hg
- Comprehensive selection of different sizes and versions of cuffs
- Available in metal with an aluminium housing and simple tube - plug-in connection or sturdy plastic housing with chromium-plated tube - screw connection

Code	Cuff Type	Tube	Stand Diameter
475043	Bandage Cuff	Single	Aluminium
475044	Hook Cuff	Single	Aluminium
475045	Velcro Cuff	Single	Aluminium
475046	Bandage Cuff	Twin	Aluminium
475047	Hook Cuff	Twin	Aluminium
475048	Velcro Cuff	Twin	Aluminium
475049	Bandage Cuff	Single	Plastic/Metal
475050	Hook Cuff	Single	Plastic/Metal
475051	Velcro Cuff	Single	Plastic/Metal
475052	Bandage Cuff	Twin	Plastic/Metal
475053	Hook Cuff	Twin	Plastic/Metal
475054	Velcro Cuff	Twin	Plastic/Metal

Sphygmomanometers - Aneroid Type

Riester Babyphon

- Suitable for children
- Choice of either chrome or sturdy plastic/metal casing
- Ergonomic spoon-shaped handle made of stainless steel
- Precision pressure-release valve, permits fine regulation and is non-wearing
- Micro-filter protects pressure-release valve and measurement system
- Special hardened copper-beryllium membranes, virtually unchangeable precision workings
- Membrane can withstand overpressures of up to 600mmHg
- Linear scale, up to 300mmHg
- Maximum error tolerance of ± 3 mmHg
- Includes padded nylon zipper bag
- Comprehensive range of different cuff sizes and designs
- Available with compatible stethoscope

Code	Cuff Type	Housing Type
475055	Velcro Cuff	Metal
475056	Velcro Cuff	Plastic/metal
475057	Velcro Cuff with Stethoscope	Metal
475058	Velcro Cuff with Stethoscope	Plastic/metal

Riester Ri-San

- Air release valve is regulated by finger-tip control
- Palm-style model, single-tube analog sphygmomanometer
- Latex-free bulb for pumping up the cuff
- Tube connection at the top of the pressure gage for unhindered blood pressure measurement
- Suitable for right or left handed users
- Precision air release valve with fine adjustment and wear-free
- Microfilter protects air release valve and measuring system
- Specially tempered copper-beryllium diaphragm, almost non-aging
- The precision movement guarantees reliable measurements
- Diaphragm can be pressurized up to 600mmHg
- Easily legible scale Ø64 from 0 to 300mmHg
- Maximum error tolerance of ± 3 mmHg
- In vinyl zippered case
- Comprehensive selection of different sizes and versions of cuffs

Code	Cuff Type	Colour
475059	Bandage Cuff	Slate Grey
475060	Hook Cuff	Slate Grey
475061	Velcro Cuff	Slate Grey
475062	Bandage Cuff	Blue
475063	Hook Cuff	Blue
475064	Velcro Cuff	Blue
475065	Bandage Cuff	Saffron
475066	Hook Cuff	Saffron
475067	Velcro Cuff	Saffron
475068	Bandage Cuff	Green
475069	Hook Cuff	Green
475070	Velcro Cuff	Green

Riester Exacta

- Stainless metal clamp for hooking the pressure gage to the cuff
- Precision air release valve with fine adjustment and wear-free
- Microfilter protects air release valve and measuring system
- Specially tempered copper-beryllium diaphragm, with precision movement
- Diaphragm pressure-loading capacity up to 600mmHg
- Linear scale Ø49mm from 0 to 300mmHg
- Latex bulb for pumping up the cuff
- Maximum error tolerance ± 3 mmHg
- In vinyl zippered case
- Comprehensive selection of different sizes and versions of cuffs

Code	Cuff Type	Housing Type
475071	Bandage Cuff	Chrome
475072	Hook Cuff	Chrome
475073	Velcro Cuff	Chrome
475074	Bandage Cuff	Black metal
475075	Hook Cuff	Black metal
475076	Velcro Cuff	Black metal
475077	Bandage Cuff	Black Plastic
475078	Hook Cuff	Black Plastic
475079	Velcro Cuff	Black Plastic

Sphygmomanometers - Aneroid Type

Riester Big Ben - Desk

- Generously dimensioned and high-contrast scale layout for optimum readability; scale up to 300mmHg
- 2 Tubes
- Spacious basket on the reverse side for tubes and cuffs
- Latex bulb to inflate the cuff
- Non-wearing air-release valve with fine adjustment
- Micro-filter to protect the release valve and measurement system
- Specially hardened copper-beryllium membrane, can withstand pressures of up to maximum 600mmHg
- Precision mechanism mounted on a special support, in order to ensure complete stability of the measuring system and the zero-point
- No zero-point fixation required
- Maximum error tolerance: $\pm 3\text{mmHg}$
- Round model 147.2mm diameter
- Square model 145.5mm²

Code	Cuff Type	Cuff Size	Face Type
475080	Bandage Cuff	Adult	Round
475081	Hook Cuff	Adult	Round
475082	Velcro Cuff	Adult	Round
475083	Velcro Cuff	Large Adult	Round
475084	Velcro Cuff	Child	Round
475085	Bandage Cuff	Adult	Square
475086	Hook Cuff	Adult	Square
475087	Velcro Cuff	Adult	Square
475088	Velcro Cuff	Large Adult	Square
475089	Velcro Cuff	Child	Square

Riester Big Ben - Wall

- Stable wall mounting made of glass-fibre reinforced plastic
- Total swivel radius 130°, i.e. 65° to the left and 65° to the right
- Generously dimensioned and high-contrast scale layout for optimum readability; scale up to 300mmHg
- 2 Tubes
- Spacious basket on the reverse side for tubes and cuffs
- Latex bulb to inflate the cuff
- Non-wearing air-release valve with fine adjustment
- Micro-filter to protect the release valve and measurement system
- Specially hardened copper-beryllium membrane, which is resistant to aging, can withstand pressures of up to maximum 600mmHg
- Precision mechanism mounted on a special support, in order to ensure complete stability of the measuring system and the zero-point
- No zero-point fixation required
- Maximum error tolerance: $\pm 3\text{mmHg}$
- Round Model 147.2mm diameter
- Square Model 145.5mm²

Code	Cuff Type	Cuff Size	Face Type
475090	Bandage Cuff	Adult	Round
475091	Hook Cuff	Adult	Round
475092	Velcro Cuff	Adult	Round
475093	Velcro Cuff	Large Adult	Round
475094	Velcro Cuff	Child	Round
475095	Bandage Cuff	Adult	Square
475096	Hook Cuff	Adult	Square
475097	Velcro Cuff	Adult	Square

475099	Velcro Cuff	Child	Square

Riester Big Ben - Floor

- Generously dimensioned and high-contrast scale layout for optimum readability; scale up to 300mmHg
- 2 Tubes
- Spacious basket on the reverse side for tubes and cuffs
- Latex bulb to inflate the cuff
- Non-wearing air-release valve with fine adjustment
- Micro-filter to protect the release valve and measurement system
- Specially hardened copper-beryllium membrane, can withstand pressures of up to maximum 600mmHg
- Precision mechanism mounted on a special support, in order to ensure complete stability of the measuring system and the zero-point
- No zero-point fixation required
- Maximum error tolerance: $\pm 3\text{mmHg}$
- Round Model 147.2mm diameter
- Square Model 145.5mm²
- Height can be adjusted from 860mm to 1120mm
- 550mm Diameter base is supplied with two locking castors
- Available alternatively with a powder-coated (stainless) mobile stand diameter 380mm or a mobile stand diameter 550mm made of particularly stable, stainless steel
- Two wheels can be locked with the stand diameter 550mm
- Height can be adjusted from 0.86m to 1.12m

Code	Cuff Type	Cuff Size	Face Type	Stand Diameter

Digital Blood Pressure Monitors

474990 Omron Ultra Premium – Wrist Type

- Shows a user's reading, compared to internationally recognised guidelines for normal home blood pressure levels
- Automatically activates when a user's wrist is at heart level, ensuring consistently accurate readings
- Flashing orange and blue indicator lights help guide a user's wrist to heart level, making it easier to find the correct position
- Allows two different users to monitor and track their readings separately in the stored memory
- Slim design is more discrete and convenient for portability, allowing users to monitor their blood pressure at home, work or anywhere
- This monitor can detect and alert a user to irregular heartbeats while blood pressure is being measured
- Exclusive technology automatically displays the average of up to the last 3 readings taken within the last 10 minutes
- 100 memory storage for each person (200 total) with date and time stamp allows a user to review the last 100 readings with the touch of a button
- Result time of 40 seconds

474995 Omron Ultra Premium – Upper Arm Type

- Alerts the user to a blood pressure reading that exceeds internationally recognised guidelines for normal home blood pressure levels
- Dual sensors automatically double check each reading, providing users with the added reassurance that each reading is accurate
- Screen Indicator confirms that the cuff has been wrapped correctly on the user's arm
- Medium - Large 22-42cm cuff size, with an easy to apply pre-formed shape.
- Exclusive technology automatically displays the average of up to the last 3 readings taken within the last 10 minutes
- Can detect irregular heartbeats while blood pressure is being measured.
- Alerts the user if a blood pressure reading exceeds internationally recognised guidelines for normal home blood pressure levels
- 90 memory storage allows a user to review the last 90 readings with a touch of a button
- Result time of 24 seconds

Vital Signs Monitors

CAS 740

- Fast, accurate blood pressure readings for neonates through adults even in the most challenging situations such as high motion or low perfusion
- Monitor SpO2 and temperature either continuously or in "spot-check" mode
- Accurate oral temperature in just 4 seconds
- Ideal for medical/surgical patients on pain medications including PCA pumps, for hospital or office-based endoscopy procedures, and for the EMS applications
- CASMED's proprietary motion artifact extraction (MAXNIBP®) technology
- Oximetry choices include, Masimo SET®, Nellcor® OxiMax® or Nonin®
- User removable NiMH battery pack, internal power supply and DC power option
- Flexible mounting solutions include cart, IV pole, bedrail, or wall
- portable unit that weighs only 1.4kg

Options Available:

- 474758 Wireless (infrared) printer
- 474759 Roll stand

Code	MAXNIBP	SpO2	Temperature

474755	✓	✓	
474756	✓		✓
474757	✓	✓	✓

Vital Signs Monitors

CAS 750

- Fully configured monitor with ECG, Respiration, Temperature, SpO2, NIBP and EtCO2
- Pulse oximetry choices including Masimo SET® and Nellcor® OxiMax®
- MAXNIBP® (motion artifact extraction) for fast, accurate and reliable blood pressure measurements
- Oridion Microstream® EtCO2 option for intubated and non-intubated patients
- User removable NiMH battery pack, internal power supply and DC power option
- Meets shock and vibration testing to 50g (RTCA DO-160C)
- ECG (3 or 5 lead)
- Temperature continuous and reusable
- Flexible mounting solutions include cart, IV pole, bedrail, or wall
- Portable unit that weighs only 2kg

Options Available:

- 474768 Wireless (infrared) printer
- 474769 Roll stand

Thermometers

475254 Riester Ri-gital Thermometer

- Can be used for oral, rectal and under-arm measurement of body temperature
- Maximum thermometer
- With 3-digit display, memory and signal tone
- Unbreakable and water-tight
- Measurement range: 32 – 43.9°C
- Accuracy: +/- 0.1°
- Automatic switch-off after 10 min.
- Incl. long-life button cell batteries
- In plastic storage box

Accessories available:

- 475259 Packet with 40 disposable probe sheaths
- 475260 Packet with 1000 disposable probe sheaths

475294 Riester Thermo N Professional Thermometer

- Infrared tympanic thermometer for the measurement of body temperature.
- Smart dispenser box with 100 probe covers for table or pocket use
- Accurate temperature measurement for adults and children within seconds
- LCD display with backlighting for easy reading - even in the dark
- Displays up to 12 stored temperatures
- Temperature values are displayed in a range from 0 to 100°C or 32°F to 212°F
- Acoustic signal when measurement is completed or fever is detected
- Clinically validated measuring technology
- Automatic switch-off
- Supplied with CR 2032 battery for at least 1000 measurements

Accessories available:

- 475256 Dispenser box including 100 probe covers
- 475257 Pack of 100 disposable probe covers
- 475258 Pack of 1000 disposable probe covers

Stethoscopes

Riester Cardiophon

- Double-headed chest-piece made of stainless steel.
- Unique acoustic performance frequency range between 200Hz and 500Hz
- Special membranes on both sides for precise acoustics, Ø48 mm and 36mm, with particularly flat and soft non-chill rims for improved adaptation on the skin
- Anatomically shaped binaural made of stainless steel with reinforced, internal multiple spring
- Soft, replaceable ear-tips with metal screw thread for comfortable and effective sealing of the external auditory canal
- Extra-strong Y-tube made of PVC with separate sound-conducting pathways for the left and right ears with particularly good audio-conductivity
- Overall length: 72cm
- Latex-free
- Supplied with two pairs of replacement ear-tips, a replacement membrane each and a name plate

Code	Tubing Colour
475123	Black
475124	Slate Grey
475125	Blue

Frequency Analysis:

- 20Hz – 100Hz max. 5.9dB at 100Hz
- 100Hz – 1,500Hz max. 28.3dB at 320Hz

Riester Duplex Deluxe

- Double chest-piece made of either stainless steel or pleasantly light aluminium
- Special membranes on both sides, Ø48mm and 36mm, with particularly flat and soft non-chill rims for improved adaptation on the skin
- Matt chromium-plated binaural with integrated reinforced double spring
- Extra-soft, replaceable ear-tips with metal screw thread for comfortable and effective sealing of the external auditory canal
- Extra-strong Y-tube made of PVC for shielding against undesired stray sounds
- Latex-free
- Overall length: 770mm
- Duplex deluxe is supplied with two pairs of replacement ear-tips, a replacement membrane each and a name plate

Code	Chest piece Material	Tubing Colour
475126	Aluminium	Black
475127	Aluminium	Slate Grey
475128	Aluminium	Blue
475129	Aluminium	Saffron
475130	Aluminium	Green
475131	Stainless Steel	Black
475132	Stainless Steel	Slate Grey
475133	Stainless Steel	Blue
475134	Stainless Steel	Saffron
475135	Stainless Steel	Green

Frequency Analysis:

- 20Hz – 100Hz max. 3.9dB at 100Hz
- 100Hz – 1,500Hz max. 22.0dB at 300Hz

475136 Riester Duplex Deluxe Baby

- Developed specially for babies and children
- Precision double-headed chest-piece made of stainless steel
- Bell, Ø28mm
- Special membranes, Ø36mm, with particularly flat and soft non-chill rims for improved adaptation on the skin
- Matt chromium-plated binaural with integrated reinforced double spring
- Extra-soft, replaceable ear-tips with metal screw thread for comfortable and effective sealing of the external auditory canal
- Extra-strong Y-tube made of PVC for shielding against undesired stray sounds
- Latex-free
- Overall length: 765mm
- Duplex deluxe baby is supplied with two pairs of replacement ear-tips, a replacement membrane each and a name plate
- Blue coloured tubes

Frequency Analysis:

- 20Hz – 100Hz max. 3.85dB at 100Hz
- 100Hz – 1,500Hz max. 14.3dB at 300Hz

Stethoscopes

475137 Riester Duplex Deluxe Neonatal

- Double chest-piece made of stainless steel specially for newborn babies and infants
- Special membranes, Ø28mm, with particularly flat and soft non-chill rims for improved adaptation on the skin
- Bell, Ø22mm
- Matt chromium-plated binaural with integrated reinforced double spring
- Extra-soft, replaceable ear-tips with metal screw thread for comfortable and effective sealing of the external auditory canal
- Extra-strong Y-tube made of PVC for shielding against undesired stray sounds
- Latex-free
- Overall length: 760mm
- Duplex deluxe is supplied with two pairs of replacement ear-tips, a replacement membrane each and a name plate
- Blue coloured tubes

Frequency Analysis:

- 20Hz – 100Hz max. 1.2dB at 55Hz
- 100Hz – 1,500Hz max. 8.5dB at 300Hz

Riester Duplex

- Double-headed chest-piece available in two types: chromium-plated brass or specially lightweight aluminium, galvanized
- Special membrane for perfect auscultation, Ø48mm, with particularly flat and soft non-chill rims for improved adaptation on the skin
- Matt chromium-plated binaural, which can be adjusted by turning with external spring
- Soft, replaceable ear-tips with metal screw thread for comfortable and effective sealing of the external auditory canal
- Strong Y-tube made of PVC to shield against undesired stray sounds
- Latex-free
- Bell, Ø36mm
- Overall length: 770mm
- Supplied with a pair of replacement ear-tips and a replacement membrane

Frequency Analysis:

- 20Hz – 100Hz max. 3.6dB at 100Hz
- 100Hz – 1,500Hz max. 21.7dB at 300Hz

Code	Chest piece Material	Tubing Colour

475141	Aluminium	Saffron
475142	Aluminium	Green
475143	Chrome plated brass	Black
475144	Chrome plated brass	Slate Grey
475145	Chrome plated brass	Blue
475146	Chrome plated brass	Saffron
475147	Chrome plated brass	Green

475148 Riester Duplex Baby

- Developed specially for babies and children
- Particularly light precision Double chest-piece made of aluminium
- Special membrane, Ø36mm, with particularly flat and soft non-chill rims for improved adaptation on the skin
- Matt chromium-plated binaural, which can be adjusted by turning with external spring
- Soft, replaceable ear-tips with metal screw thread for comfortable and effective sealing of the external auditory canal
- Strong Y-tube made of PVC to shield against undesired stray sounds
- Latex-free.
- Bell, Ø28 mm.
- Overall length: 765mm
- Duplex baby is supplied with a pair of replacement ear-tips and a replacement membrane
- Blue coloured tubes

Frequency Analysis:

- 20Hz – 100 Hz max. 3.85dB at 100Hz
- 100Hz – 1,500 Hz max. 14.3dB at 300Hz

Stethoscopes

Monitoring and Diagnostic

475149 Riester Duplex Neonatal

- Developed specially for new-born children and infants
 - Particularly small precision chest-piece made of aluminium
 - Special membrane, Ø28mm, with particularly flat and soft non-chill rims for improved adaptation on the skin
 - Matt chromium-plated binaural, which can be adjusted by turning with external spring
 - Soft, replaceable ear-tips with metal screw thread for comfortable and effective sealing of the external auditory canal
 - Strong Y-tube made of PVC to shield against undesired stray sounds
 - Latex-free
 - Bell, Ø22mm
 - Overall length: 760mm
 - Duplex neonate is supplied with a pair of replacement ear-tips and a replacement membrane
 - Blue coloured tubes
- Frequency Analysis:
- 20Hz – 100Hz max. 1.2dB at 55Hz
 - 100Hz – 1,500Hz max. 8.5dB at 300Hz

475150 Riester Duplex Teaching Steoscope

- The Duplex Teaching Stethoscope with double chest-piece and two binaural has been developed especially for teaching purposes
- Double-headed chest-piece made of stainless steel
- Matt chromium plated binaural with integrated spring
- Special membrane, Ø48mm, with particularly flat and soft non-chill rims for improved adaptation on the skin
- Bell, Ø36mm
- Overall length: 1150mm
- Duplex Teaching Stethoscope is supplied with two pairs of replacement ear-tips and a replacement membrane

Riester Tristar

- The high quality stethoscope tristar® with three different sized double chest-pieces for adults, children / babies and new-born children is outstandingly suitable for perfect auscultation in all frequency ranges
- Double chest-pieces for Duplex, Duplex Baby and Duplex Neonatal made of aluminium with practical rapid-exchange connector
- Special membranes, Ø48mm, 36mm, 28mm, for first-class acoustics
- Particularly flat and soft non-chill rims for improved adaptation on the skin
- Bells Ø36mm, 28mm, 24mm
- Matt chromium-plated binaural with integrated reinforced double-spring
- Optimal sealing of the external auditory canal with soft, replaceable ear-tips with metal screw thread
- Particularly strong Y-tube made of PVC for optimal acoustics to shield against undesired stray sounds
- Overall length: 790mm, 785mm, 780mm
- Latex-free
- Tristar® is supplied with two pairs of replacement ear-tips, a replacement membrane each and a name plate

Code	Tubing Colour
475151	Slate Grey
475152	Blue

Stethoscopes

Riester Anestophon

- The innovative stethoscope especially for nurses and nursing personnel is fitted with a completely new developed aluminium chest-piece – for particular comfort when taking blood pressure measurements
- Ergonomic handling thanks to novel design: extra-ordinarily flat aluminium chest-piece without edges, easy to push under the cuff when measuring blood pressure
- Special membrane, Ø28mm, with particularly flat and soft non-chill rims for improved adaptation on the skin
- Matt chromium-plated binaural, which can be adjusted by turning
- Soft, replaceable ear-tips with metal screw thread for comfortable and effective sealing of the external auditory canal
- Reinforced Y-tube made of PVC to shield against disturbing stray sounds
- Overall length: 770mm
- Latex-free.
- The anestophon® is supplied in a cardboard display box with a pair of replacement ear-tips and a replacement membrane
- 100Hz – 1,500Hz
- Max. 15.5dB at 300Hz

Code	Tubing Colour
475153	Black
475154	Slate Grey
475155	Blue
475156	Saffron
475157	Green

Riester Ri-rap

- The universal stethoscope ri-rap® with double chest-piece and double tube system convinces by its flexible range of applications. Very good acoustics in all frequency ranges
- Strong double tube with separate sound-conducting pathways for the left and right ears guarantees extraordinary audio-conductivity
- Alternatively with 400mm or 800mm tube length
- Heavy chromium-plated double chest-piece with two membrane sides, Ø45mm and 32mm
- Special membranes with surface structure to adapt better to the skin
- Both membrane sides can be simply and quickly refitted with the enclosed bells (Ø33.5mm, 27.3mm, 20.3mm) with the screw connections
- Replacement parts box: three bells, each with a transparent membrane, two pairs of replacement ear-tips

Code	Tube Length	Tubing Colour
475158	40 cm	Black
475159	40cm	Slate Grey
475160	40cm	Blue
475161	40cm	Saffron
475162	40cm	Green
475163	80cm	Black
475164	80cm	Slate Grey
475165	80cm	Blue
475166	80cm	Saffron
475167	80cm	Green

Riester Pinard

- The pinard special stethoscope is used to auscultate the heart sounds of the embryo in the womb. The shape of the bell provides the particularly good acoustics.
- Supplied in a cardboard box.

Code	Model
475168	Plastic
475169	Lightweight Aluminium

Otosopes

Riester e-scope

- Sealing precision optics pivotable to both sides with triple magnification for optimum view
- Reusable or disposable ear speculum
- Compatible with ear speculae from other renowned manufacturers
- Available in a choice of black or white finish

Code	Colour	Illumination	Volt	Kelvin Data
475246	Black	Halogen Direct Illumination	2.5V	3000k
475247	Black	Vacuum Direct Illumination	2.7V	2500k

Riester Ri-scope L2 Head

- Fibre optics for optimal beaming and transmission of the light
- Bi-directional swivelling, sealing optical glass with 3-fold magnification
- Optional operation lens with 4-fold magnification available
- Metal fitting for ri-mini/pen-scope specula, compatible with specula by other well-known manufacturers
- Suitable for pneumatic tests (supplied without ball)
- Lamps with LED technology have a lifetime of at least 10,000 hours (compared to 20-30 hours with halogen and Xenon lamps) and are extremely energy-efficient
- L2 is not fitted with auto specula ejection device
- Handle options please refer page 86

Code	Illumination	Volt	Anti Theft Head
475210	Xenon	3.5V	No
475211	LED	3.5V	No
475212	Xenon	3.5V	Yes
475213	LED	3.5V	Yes

Riester Ri-scope L3 Head

- Fibre optics for optimal beaming and transmission of the light
- Bi-directional swivelling optical glass with 3-fold magnification
- Operation lens with 4-fold magnification and glass mini optic ease the insertion of instruments
- Fitting for ri-scope specula and enlarged conduit for instruments
- Suitable for pneumatic tests (supplied without ball)
- Lamps with LED technology have a lifetime of at least 10,000 hours (compared to 20-30 hours with halogen and Xenon lamps) and are extremely energy-efficient.
- Easy-to-operate specula ejection device
- Handle options please refer page 86

Code	Illumination	Volt	Anti Theft Head
475215	Xenon	3.5V	No

475217	Xenon	3.5V	Yes
475218	LED	3.5V	Yes

Ophthalmoscopes

Riester e-scope

- Dioptre disc with 18 corrective lenses (+/- 1, 2, 3, 4, 6, 8, 10, 15, 20 dioptres)
- Easy-to-use aperture wheel with six different apertures (fixation star, large circle, small circle, red free filter, blue filter, semi circle)
- High performance optics with aspherical condenser lens
- Spectacle protection
- Parallel optical path
- Available in a choice of black or white finish
- Handle options refer page 86

Code	Illumination	Volt	Kelvin Data
475243	Halogen	2.7v	3000k
475244	Vacuum	2.7v	2500k
475245	LED Fibre Optics	3.7v	5500k

Dermatoscope

Riester Ri-derma

- Reliable method of dermatoscopic screening and early identification of malignant melanomas
- Proven epiluminescence microscopy allows melanocytic and non-melanocytic structures to be distinguished and enables precise observation of pigmented skin changes
- Illumination of the examination field with 3.5-V LED illumination and or 2.5-V HL halogen illumination resembles natural daylight
- 10-fold magnification of the skin structure with focusing achromatic lens
- Choice of two skin-friendly and sterilisable contact plates: with scale from 0-10mm for exact measurement of pigmented skin lesions, or without scale
- Simple lamp change on the underside of the instrument head
- Stable casing of black chromed metal, dustproof construction
- Practical eyepiece protection
- Bayonet socket to attach the instrument head quickly and securely to the handle
- See handle options below

Code	Illumination	Volt	Anti Theft Head
475220	Xenon	3.5V	No
475221	LED	3.5V	No
475222	Xenon	3.5V	Yes
475223	LED	3.5V	Yes

Riester Ri-scope handles

- Solid metal handles black chrome-plated
 - Practical bayonet fitting for quickly switching instrument heads
 - Continuously adjustable rheotronic for regulating light intensity
 - Activation by briefly tapping the rotating button to + for immediate 100 % light output
 - Continuously variable adjustment by briefly tapping to + or -
 - Deactivation by longer tapping to -
 - Diode signals whether handle is on or off
 - Automatic safety shutdown after 120 seconds
 - Ergonomically for comfortable handling
 - Batteries are easy to replace at the base of the handle.
 - For 3.5-V ri-scope instrument heads.
 - Handles are not supplied with batteries
- Options Available:
- 475293 Ri-charger for Li-ion battery 230V

Handles

Code	Handle Type	Battery Type
475285	Type C	Li-ion Rechargeable
475286	Type C	Lithium

475288	Type AA	Lithium

Batteries

Code	Battery Type	Battery Size	Volt
475289	Li-on Rechargeable	Type C	3.5V
475290	Lithium	Type C	3.5V
475291	Li-ion Rechargeable	Type AA	3.5V
475292	Lithium	Type AA	3.5V

Diagnostic Station

Riester Ri-former

- Can be individually combined according to requirements and variably extendable to the right and the left
- Extendable up to a maximum of 5 handles – with simultaneous removal of a maximum of 3 handles
- 3,5 V Handles for LED or xenon illumination
- Automatic switching on/off of handles
- Infinitely variable regulation of brightness as well as manual switching on/off possible on the handle
- Spiral cord expandable up to 3m
- Instrument heads can be supplied with and without anti-theft security
- Mains powered

Code	Model	Handles	Clock
475224	3.5 V/230 V	1	Yes
475225	3.5 V/230 V	1	No
475226	3.5 V/230 V	2	Yes
475227	3.5 V/230 V	2	No

Diagnostic Station - Extension Modules for Ri-former

475283 Handle Module

- Automatic switch-on/off of handles when removing or replacing them in the handle unit
- The adjusted light intensity setting is saved until the next examination
- Ergonomic and non-slip
- Infinitely variable regulation of brightness as well as manual switching on/off possible on the handle
- Spiral cord expandable up to 3m
- For expanding the ri-former® base module, up to 4 handle modules possible
- Complete with wall mounting plate, plugs, screws, and assembly plan

Big Ben

- Generously dimensioned scale with 145.5 mm long sides and high-contrast scale layout guarantees optimum readability
- With extra sturdy wall mounting made of glass-fibre reinforced plastic
- Maximum error tolerance: +/- 3mm Hg
- Supplied with spacious basket for storage of tubes and cuffs, as well as wall mounting plate, plugs and screws

Code	Cuff Type	Cuff Size
475228	Bandage Cuff	Adult
475229	Hook Cuf	Adult
475230	Velcro Cuff	Adult
475231	Velcro Cuff	Large Adult
475284	Velcro Cuff	Children

475255 Ri-Thermo N

- Precise measurement of the body temperature in the ear. Clinical validation
- Measurement takes approx. 1-2 seconds
- Digital display for optimum readability of the measurement values in °C or in °F
- Memory function for 12 measurements
- Supplied with 25 probe covers

475282 Ear Specula Dispenser

- Specula dispenser with 5 tubes for up to 5 specula sizes
- Hygienic and practical solution, dispenses a new speculum for each examination
- Simple to clean and disinfect
- Easy to refill and can be closed with a cover
- Filling level of specula tubes can be seen
- Can also be used independent of the diagnostic station
- Complete with plugs and screws

Broselow Hinkle System

291058 Broselow Hinkle System Tape

- For use on paediatrics to young children
- Utilises colour to categorise patients and simplify emergency care
- Protective coating to ensure longevity
- Folds for easy storage

290959 Broselow Hinkle System Kit

- Seven colour pouches that include four equipment modules include intraosseous, intravenous, oxygen delivery equipment, intubation, laryngoscope handles, resuscitator bags, blood pressure cuffs, manometer, and forceps.
- Other equipment is contained in a separate clear pocket in the bag, allowing the user to clearly view the required devices in a paediatric emergency.

Options Available:

- 290958 Colour pouches are attached with velcro backing to a flying carpet, making removal swift and easy.

Dopplers

Summit Doppler 150

- No display, hand-held Doppler has excellent sound quality
- Accepts the full line of non-directional probes for obstetrical or vascular applications.
- Ergonomically designed to fit in the palm of your hand with comfort and allows easy access to each control feature
- Superior sound quality from high-fidelity speaker
- Extended battery life
- Enhanced probe sensitivity
- Interchangeable probe capability
- User replaceable cable
- Powered by 3 AA batteries
- Each main unit comes with choice of one probe
- Weight: 320 grams
- Full 2 year product warranty

Code	Width	Depth	Height	Audio Recorder	Battery Type

Summit Doppler 250

- Large display, hand-held Doppler has excellent sound quality
- Accepts the full line of non-directional probes for obstetrical or vascular applications.
- Ergonomically designed to fit in the palm of your hand with comfort and allows easy access to each control feature.
- Large display for indication of heart-rate and battery status
- Superior sound quality from high-fidelity speaker
- Extended battery life
- Enhanced probe sensitivity
- Interchangeable probe capability
- User replaceable cable
- Powered by 3 AA batteries
- Each main unit comes with choice of one probe
- Weight: 320 grams
- Full 2 year product warranty

475242 Summit Doppler 350

- Large display, table-top Doppler has excellent sound quality
- Accepts the full line of non-directional probes for obstetrical or vascular applications
- Ergonomically designed to comfortably carry and allows easy access to each control feature
- Indication of heart-rate and battery status
- Two probe holders for multiple applications
- Superior sound quality from high-fidelity speaker
- Powered by 3 rechargeable batteries
- Extended battery life
- Enhanced probe sensitivity
- Interchangeable probe capability
- User replaceable cable
- Each main unit comes with choice of one probe
- Wall mount available
- Full 2 year product warranty

Defibrillators

475234 Heartsine Samaritan 300P

- Compact & Lightweight – 28-56% smaller than other AEDs on the market and weighing only 1.1kg
- Easy to use – Audio & visual prompts guide the user step-by-step through the rescue process – 3 large, easy-to-see icons illuminate – “Attach pads,” “Do not touch the patient,” and “It is safe to touch the patient” to facilitate the rescue process
- Sophisticated SCOPE Biphasic waveform technology adjusts patient impedance to maximise effective shock delivery
- The samaritan PAD has a rating of IP56 providing the 300P with the highest level of water resistance in the industry
- Heartsine’s practical Pad-Pak combines battery and electrodes into one cartridge – one date to monitor and only one item to replace on expiry or after use
- 10-year warranty
- Drop tested in accordance with IEC 60601-1
- Field upgradeable to the latest AHA/ERC guidelines
- Automatic self-check
- Suitable for adults and children; Paediatric-Pak available for 0-8 years of age (<25kg or 55 lbs.)
- Controls & electrodes are accessible even with your Heartsine samaritan PAD still in the case
- Integrated metronome prompts the CPR chest compression rate
- Events are recorded with the time, date, ECG trace & duration, shock delivery information, and CPR intervals. This information is downloadable to a PC with optional SAVER® EVO software

475232 Heartsine Samaritan 500P

- ICG-based CPR advisor gives the rescuer feedback on compressions based on actual cardiac output: “Push Harder,” “Push Faster,” “Push Slower” or reassurance that they are performing “Good Compressions”
- Compact and lightweight, 28–56 percent smaller than other AEDs on the market and weighing only 2.4 lbs./1.1kg
- Easy to use. Audio and visual prompts guide the user step-by-step through the rescue process. Three large, easy-to-see icons illuminate: “Attach pads,” “Do not touch the patient,” and “It is safe to touch the patient” to facilitate the rescue process.
- Sophisticated SCOPE™ biphasic waveform technology adjusts patient impedance to maximise effective shock delivery
- Heartsine’s practical Pad-Pak™ combines battery and electrodes into one cartridge – one date to monitor and only one item to replace on expiration or after use
- 10-year warranty
- Drop tested in accordance with IEC 60601-1
- Field upgradeable to the latest AHA/ERC guidelines
- Automatic self-check
- The Samaritan PAD has a rating of IP56, providing the 500P with the highest level of water resistance in the industry
- Suitable for adults and children
- Controls and electrodes are accessible even with your Heartsine samaritan PAD still in the case
- Integrated metronome prompts the CPR chest compression rate
- Events are recorded, with the time, date, ECG trace and duration, shock delivery information and CPR intervals. This information is downloadable to a PC with optional SAVER® EVO software

Heartsine Samaritan - Trainer

- The trainer provides 8 pre-recorded rescue training scenarios without delivering an actual shock
- Actual mirroring of the devices of the Samaritan PAD so users can familiarize themselves with controls, pads access, installation of a mock Pad-Pak™ (called a Trainer-Pak™ – all with authentic prompts and displays)
- 4 scenarios follow ERC 2010 Guidelines and 4 scenarios follow ERC 2000 Guidelines
- A pause function so the trainer can pause the automated scenario
- Each unit comes complete with a remote control and AAA batteries, trainer-pak, battery charger, soft carry case with 2 zipper compartments, user manual, and 5 pairs of training electrode pads
- The remote control can be programmed to control a number of devices

Code	Model
475235	300P
475233	500P

Medical Lighting

475300 Examination Lamp

- 50 Watt 240 volt dichroic bulb
- Multi adjustable for variable angle viewing
- Excellent performance with 1250 lux at one metre
- Beam diameter of 44cm
- Mains powered

475301 Magnifying Examination Lamp

- 1.75X Magnification through a 120mm diameter 3 Diopter lens
- 22 watt circular fluorescent tube produces 1250 lumens of shadowless 'daylight' illumination
- Angle poise spring balanced adjustable arm – Full extension 1150mm
- With protective dust cover flap
- Comes complete with table clamp wall bracket or optional mobile stand

Flowchart Tables

202135 Flow Chart Table

- Height adjustable work surface 870-1370mm
- Stainless steel frame 760mm x 610mm
- Melamine timber work surface 800 wide x 610mm high
- Full width pen/ pencil holder at bottom of board
- Easy to use one handed tilt mechanism
- Optional basket available
- Can be customised to individual requirements

Chart Holders

210329 Wire Chart Holder

- For patient records and folders
- Manufactured from powder coated steel
- Hangs on up to 50mm diameter rails/bed ends

Options Available:

- 210339 Wall Mount

Terms & Conditions

1. DEFINITIONS

1.1 In these conditions:

- "Additional Charges" includes all delivery, handling and storage charges, packing costs, goods and services tax, stamp duty, interest, legal and other costs of recovery of unpaid money and all other government imposts and all money, other than the Purchase Price, payable by the Buyer to the Seller arising out of the sale of the Goods.
- "Buyer" means the party purchasing the Goods from the Seller.
- "Goods" means the goods supplied to the Buyer by the Seller.
- "Purchase Price" means the list price for the Goods as charged by the Seller at the date of delivery or such other price as may be agreed by the Seller and the Buyer prior to delivery of the Goods.
- "Seller" means John Kenneth Anderson and Louise Elizabeth Anderson trading as Ascot Healthcare ABN 98 699 318 258
- "Terms and Conditions" means these terms and conditions of trade.

2. GENERAL

- 2.1 An order given to the Seller is binding on the Seller and the Buyer, if:
- (a) a written acceptance is signed for or on behalf of the Seller; or
 - (b) the Goods are supplied by the Seller in accordance with the order.
- 2.2 An acceptance of the order by the Seller is then to be an acceptance of these Terms and Conditions by the Seller and the Buyer and these Terms and Conditions will override any conditions contained in the Buyer's order. The Seller reserves the right to accept a part only of any order by notifying the Buyer in writing or by delivering the Goods to the Buyer. No order is binding on the Seller until accepted by it.
- 2.3 An order which has been accepted in whole or in part by the Seller cannot be cancelled by the Buyer without obtaining the prior written approval of the Seller, which it may refuse in its absolute discretion.

3. WARRANTY

- 3.1 Certain laws imply terms, conditions and warranties ("Prescribed Terms") into contracts for the supply of goods and prohibit the exclusion, restriction or modification of such terms, conditions and warranties. The liability of the Seller in respect of a breach of a Prescribed Term or any warranty made under these Terms and Conditions is limited, to the extent permissible by law and at the option of the Seller, to the:
- (a) replacing the Goods or the supply of equivalent Goods;
 - (b) repair of the Goods;
 - (c) the payment of the cost of replacing the Goods or of acquiring equivalent Goods; or
 - (d) the payment of the cost of having the Goods repaired.
- 3.2 To the extent permitted by law, all other warranties whether implied or otherwise, not set out in these Terms and Conditions are excluded and the Seller is not liable in contract, tort (including, without limitation, negligence or breach of statutory duty) or otherwise to compensate the Buyer for:
- (a) any increased costs or expenses;
 - (b) any loss of profit, revenue, business, contracts or anticipated savings;
 - (c) any loss or expense resulting from a claim by a third party; or
 - (d) any special, indirect or consequential loss or damage of any nature whatsoever.

4. ADVICE AND INFORMATION

Any advice of information provided by the Seller in relation to the Goods or their use under any specific conditions, the life and wear of the Goods or their immunity from the possibility of attack by corrosion, pitting, erosion, chemical, electrolytic action or otherwise is given in good faith and is believed by the Seller to be appropriate and reliable but is given without any liability as to the suitability of the Goods for a particular purpose.

5. DELIVERY

- 5.1 The times quoted for delivery are estimates only and the Seller accepts no liability for failure or delay in delivery of Goods. The Buyer is not relieved of any obligation to accept or pay for Goods by reason of any delay in delivery. Goods may be delivered by instalments at the discretion of the Seller.
- 5.2 All Additional Charges are payable by the Buyer in addition to the Purchase Price of the Goods.
- 5.3 Risk in the Goods passes to the Buyer on delivery.
- 5.4 Unless otherwise agreed, delivery shall be deemed to have taken place:
- (a) if the Goods are to be collected from the Seller's premises, then:
 - (i) just prior to the Goods being loaded onto the carrier organised by the Buyer; or
 - (ii) at the time and date when the Goods are scheduled to be collected by the Buyer,whichever occurs first; or
 - (b) if the Goods are to be delivered to Buyer's address as nominated by the Buyer on the order, then just prior to the Goods being unloaded from the carrier at the nominated address in accordance with the order, which order is delivered to the Buyer at the Buyer's expense.

6. PRICE AND PAYMENT

- 6.1 The Buyer must pay the Purchase Price and the Additional Charges to the Seller.
- 6.2 If the Buyer is in default, the Seller may at its option withhold further deliveries or cancel a contract without prejudice to any of its existing rights.
- 6.3 Unless otherwise agreed to in writing by the Seller, the Purchase Price must be paid by the Buyer in full within 30 days of the date of invoice. The Buyer is not entitled to withhold payment or make any deduction from the Purchase Price in respect of any set-off or counter-claim. The Buyer is liable to pay interest at the rate equal to the Commonwealth Bank of Australia overdraft rate plus 2% on all outstanding amounts calculated from the due date of payment until full payment is received by the Seller.
- 6.4 If the Buyer is in default, the Buyer agrees to pay the Seller all costs and disbursements including legal costs on a solicitor and own client basis incurred by the Seller in collecting or attempting to recover money outstanding.

7. RETENTION OF TITLE

- 7.1 Ownership in and title to the Goods remains with the Seller until payment in full for the Goods and all sums due and owing by the Buyer to the Seller on any account has been made. Until the date of payment:
- (a) the Buyer has the right to sell the Goods in the ordinary course of business;
 - (b) until the Goods have been sold by the Buyer in the ordinary course of the Buyer's business, the Buyer holds the Goods as bailee for the Seller;
 - (c) the Goods are always at the risk of the Buyer.

Terms & Conditions

- 7.2 The Buyer is deemed to be in default immediately upon the happening of any of the following events:
- (a) if any payment to the Seller is not made promptly before the due date for payment;
 - (b) if the Buyer ceases to carry on business or stops or suspends payment or states its intention of so doing or is unable to pay its debts as they fall due or if any cheque or bill of exchange drawn by the Buyer payable to the Seller is dishonoured;
- 7.3 In the event of a default by the Buyer, then without prejudice to any other rights which the Seller may have at law or under this contract:
- (a) the Seller or its agents may without notice to the Buyer enter the Buyer's premises or any premises under the control of the Buyer for the purposes of recovering the Goods.
 - (b) the Seller may recover and resell the Goods;
 - (c) if the Goods cannot be distinguished from similar Goods which the Buyer has or claims to have paid for in full, the Seller may in its absolute discretion seize all goods matching the description of the Goods and hold same for a reasonable period so that the respective claims of the Seller and the Buyer may be ascertained. The Seller must promptly return to the Buyer any goods the property of the Buyer and the Seller is in no way liable or responsible for any loss or damage to the Goods or for any loss, damage or destruction to the Buyer's business howsoever arising from the seizure of the Goods.
 - (d) In the event that the Buyer uses the Goods in some manufacturing or construction process of its own or some third party, then the Buyer must hold such part of the proceeds of sale of such manufacturing or construction process as relates to the Goods in trust for the Seller. Such part will be an amount equal in dollar terms to the amount owing by the Buyer to the Seller at the time of the receipt of such proceeds. The Buyer will pay the Seller such funds held in trust upon the demand of the Seller.

8. PERSONAL PROPERTY SECURITIES ACT ("PPSA")

- The prices and delivery dates given in quotations are for the quantity of goods specified therein. Any deviation when ordering may render the quotation subject to revision.
- 8.1 Defined terms in this clause that are not defined in these Terms and Conditions have the same meaning as given to them in the PPSA.
- 8.2 The Seller and the Buyer acknowledge that these Terms and Conditions constitute a Security Agreement and give rise to a Purchase Money Security Interest ("PMSI") in favour of the Seller over the Goods supplied or to be supplied to the Buyer as Grantor pursuant to the Terms and Conditions.
- 8.3 The Goods supplied or to be supplied under these Terms and Conditions fall within the PPSA classification of "Other Goods" acquired by the Buyer pursuant to these Terms and Conditions.
- 8.4 The Seller and the Buyer acknowledge that the Seller as Secured Party, is entitled to register its interest in the Goods supplied or to be supplied to the Buyer as Grantor under the Terms and Conditions on the PPSA Register as Collateral.
- 8.5 To the extent permissible at law, the Buyer:
- (a) waives its right to receive notification of or a copy of any Verification Statement confirming registration of a Financing Statement or a Financing Change Statement relating to a Security Interest granted by the Buyer, as Grantor, to the Seller;
 - (b) agrees to indemnify the Seller on demand for all costs and expenses, including legal costs and expenses on a solicitor / client basis, associated with the:
 - (i) registration or amendment or discharge of any Financing Statement registered by or on behalf of the Seller; and
 - (ii) enforcement or attempted enforcement of any Security Interest granted to the Seller by the Buyer.
 - (c) agrees that nothing in sections 130 and 143 of the PPSA will apply to the Terms and Conditions or the Security under the Terms and Conditions;
 - (d) agrees to waive its right to do any of the following under the PPSA:
 - (i) receive notice of removal of an Accession under section 95;
 - (ii) receive notice of an intention to seize Collateral under section 123;
 - (iii) object to the purchase of the Collateral by the Secured Party under section 129;
 - (iv) receive notice of disposal of Collateral under section 130;
 - (v) receive a Statement of Account if there is no disposal under section 132(4);
 - (vi) receive a Statement of Account under section 132(3)(d) following a disposal showing the amounts paid to other Secured Parties and whether Security Interests held by other Secured Parties have been discharged.
 - (vii) receive notice of retention of Collateral under section 135;
 - (viii) redeem the Collateral under section 142; and
 - (ix) reinstate the Security Agreement under section 143.

9. RETURN OF ITEMS

- 9.1 To the extent permitted by law, return of Goods will not be accepted by the Seller except by prior agreement in writing with the Seller.
- 9.2 The Buyer must obtain a Return Authority Number ("RAN") from the Seller before returning any Goods. The Seller will send a return authority form with the RAN to the Buyer and the Buyer must attach this form with the returned Goods together with a copy of the delivery docket/invoice and any other relevant correspondence.
- 9.3 Goods are returned to the Seller at the Buyer's expense. Returned Goods must be in their original packaging and in unused and re-saleable condition.
- 9.4 Goods that have been custom made, processed or acquired cannot be returned by the Buyer and are not refundable.
- 9.5 Items returned are subject to a restocking fee of 15% of the gross invoice value of the returned items or \$35.00, whichever is greater.
- 9.6 Credit for or replacement of returned Goods will be at the sole discretion of the Seller.

10. LAW

This contract shall be governed in all respects by the law of the state in which the Goods are manufactured or at the option of the Seller by the law of the state in which the quotation is given by the Seller and any disputes hereunder shall be referred to arbitration in that state in accordance with the Arbitration (Civil Actions) Act 1983 or any similar statutory enactment then in force.

11. FORCE MAJEURE

The Seller is not liable for any delay or any breach or default under these Terms and Conditions due to any act of God, labour dispute, difficulty in procuring materials, accidents, legislative restrictions or other act whatsoever (where similar or not to the forgoing) beyond the Seller's reasonable control.

12. WAIVER

No waiver of any of these Terms and Conditions or failure to exercise a right or remedy by the Seller will be considered to imply or constitute a further waiver by the Seller of the same or any other term, condition, right or remedy.

13. SEVERABILITY

Any part of these Terms and Conditions being the whole or part of any clause(s) shall be capable of being severed without affecting any other part of these Terms and Conditions.

This catalogue is to be used as a guide only, and due care has been taken to ensure all information in this product guide is correct at time of publication, however variations may occur. Some of the products shown may be equipped with optional extras at extra charge.
